DESIGNER JULIA HALL ON THE
OLD WORLD ARTISTRY OF FEYZ
STUDIO'S MEERSCHAUM PENDANTS

TEXT CHRISTOPHER DAY

THE TASTEMAKER: Designer Julia Hall recently joined her mother at Judith Liegeois Designs, one of Naples' most successful interior design firms. Hall is known for layered and collected interiors that reflect their inhabitants through and through.

THE OBJECT: Created by Feyza Kemahlioglu through FEYZ Studio, the Meerschaum pendants were inspired by the architecture and culture of Istanbul, where Kemahlioglu grew up, and represent a study into the juxtaposition of tradition and modernity.

IN HER WORDS: "Feyza's pieces are not only meticulously crafted but also deeply thoughtful, blending tradition with modern artistry in a way that feels both familiar and fresh," says Hall. "The Meerschaum pendants remind me of something indigenous and beautifully carved, deeply rooted in tradition yet still refined and contemporary." judithliegeoisdesigns.com; feyzstudio.com
